

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

VALVOLINE COMPLETE FUEL SYSTEM CLEANER

- Restores power and performance of entire fuel system
- Cleans fuel injectors, intake valves, manifolds, ports, carburetors and combustion chambers
- Reduces need for higher octane gasoline
- Helps restore power and performance in all gasoline powered engines including direct injected gasoline engines
- Eliminates knocking, pinging, hesitation, rough idling and hard starts
- Removes deposits from the fuel sending unit that can cause erratic fuel gauge readings

Valvoline's Complete Fuel System Cleaner is a premium product containing detergents designed to clean the entire fuel system. Maximum power and performance is restored by removing the deposits that interfere with proper engine operation. Removing combustion chamber deposits can reduce the need for gasoline with a higher octane rating than that recommended by the manufacturer. Fuel injectors, intake valves, manifolds, ports and carburetors are cleaned by **Valvoline Complete Fuel System Cleaner**. Clean fuel systems mean lower emissions. Safe for catalytic converters and oxygen sensors. Contains no alcohol.

To insure good mixing, add entire contents to fuel tank prior to fill up. Twelve fluid ounces treats up to 20 gallons of gasoline. Recommended to be used every 6000 miles. Can be used with all gasolines, gasohol and E-85.

Technical Data:

Appearance	Clear, Amber Liquid
Specific Gravity	0.856 @ 60°F
Flash Point, TCC	120°F
