

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

VALVOLINE FUEL INJECTOR CLEANER

- **Helps improve acceleration, power and performance**
- **Cleans fuel injectors and carburetors**
- **Eliminates rough idle and hesitation caused by deposits**
- **Removes moisture from the fuel system**
- **Helps save gas by keeping fuel injectors clean**

Valvoline Fuel Injector Cleaner contains detergents designed to remove deposits from fuel injectors and carburetors. Power and performance can be reduced if deposits are allowed to accumulate in these vital areas. This multi-purpose cleaner will help clean fuel systems, which in turn helps save gas. It also helps fight fuel line freeze and prevents corrosion in the fuel system. **Valvoline Fuel Injector Cleaner** is safe for catalytic converters and oxygen sensors. Contains no alcohol and can be used with all gasoline, gasohol and E-85.

To insure good mixing, add the entire contents to the fuel tank prior to fill up. One bottle treats up to 20 gallons of gasoline. To help maintain peak performance, use every 1000 miles.

Technical Data

Appearance

Clear, Yellow Liquid

Specific Gravity

0.805

Flash Point °F

120 Minimum
