

Product Information

A PRODUCT OF VALVOLINE, A DIVISION OF ASHLAND INC.

Valvoline® TRA Gear Lubricant

Valvoline TRA Gear Lubricant is a foam inhibited straight mineral gear oil.

This oil is recommended for transmissions and differentials where EP gear oils are not required and where API GL-1 lubricants are recommended. It is also an excellent oil for hand oiling or all-loss lubrication where heavy bodies straight mineral oils are desired.

Approvals

API Service GL-1	SAE 90
------------------	--------

Typical Properties

SAE 90

Gravity, degree API	26.0
Viscosity @ 100° C, cSt	17.0
Viscosity @ 40° C, cSt	189.7
Viscosity Index	95
Pour Point, °C max	-12

Part Numbers

Bulk	VV5070
55 Gallon Drum	VV507
5 Gallon Pail	VV70044
