## VPS DIESEL FUEL RAIL CLEANER

- **Remove Injector Deposits**
- **Lubricates Fuel Pumps & Injectors**
- **Restores Lost Horsepower Caused By Injector Deposits**
- **Suitable for Common Rail System**

**VPS Diesel Fuel Rail Cleaner** is formulated for professionals to remove power robbing deposits from the fuel system. Follow use directions included in the VPS Diesel Fuel Rail Tool Kit. Partially clogged injectors can cause engines to lose power, produce excessive smoke, and experience a loss in fuel economy. Using **VPS Diesel Fuel Rail Cleaner** will help maintain fuel spray pattern, help reduce emissions and black smoke and help keep injectors in peak condition preventing deterioration in fuel economy. **VPS Diesel Fuel Rail Cleaner** contains a special lubricity additive that helps lubricate diesel fuel pumps and injectors.
